# Editors' Message

The Editors attempted to bring you a true picture of the Smith Academy student when we assembled the 1968 ECHO. We tried to record his academic life and extracurricular activities in the best way possible, through pictures.

Through the samples we selected we wanted to show the spirit and tradition that prevailed throughout the four years we spent at Smith Academy, illustrating a closely knit student body.

We would like to extend our thanks to our superintendent, Mr. Skarzynski, to our teachers and most of all to Mrs. Spakowski, our advisor, for the help and cooperation they have given us throughout the past year. Also our heartfelt thanks goes to the patrons and advertisers without whom the publication of this yearbook would not have been possible.

The Editors of the yearbook hope this book will impress upon all who read it the importance of our school in the lives of all who attend it.

Mrs. Mary A. Spakowski

Due to the deep admiration we hold for Mrs. Mary A. Spakowski; our teacher and advisor it is with gratitude that we, the class of 1968, dedicate our yearbook to her. Through her patience and understanding we have been able to overcome problems we were not able to solve ourselves. In this way we would like to express our sincere thanks to her.

Plato once said, "The direction in which education starts a man will determine his future life." At no time in history has this observation been more important. In our modern and mobile society, with its recurrent technological revolutions, the financial and social status of each citizen is almost directly related to his educational achievement. In turn, this educational achievement is measured by the quality of the education received by the individual, and the quantity absorbed by the individual.

I am extremely proud of this graduating class. Each member of the class has proven he has the determination to succeed in spite of obstacles to his success. I hope you will continue to greater success as I know you will strive to reflect credit upon your school, your community, and most important of all, your parents.

## In Review INTERNATIONAL EVENTS

1. British hippies claim that their aim is different from that of American hippies... they don't want to "drop out" of society, but to stay in and change it.

2. French President Charles DeGaulle stirred up a lot of controversy during 1967—here he explains why he feels Britain should not be a Common Market member.

3. Soldiers of the U.S. 4th Infantry Division rest atop Hill 1338 following a fierce battle with the North Vietnamese for the hill in the Dak To area.

4. Israeli soldiers fly their flag from a mosque in the Sinai desert captured by the Israelis during the short-lived Arab-Israeli war in June of 1967.

5. Waving red-colored booklets of Mao's quotations, pro-communist Chinese swarm in front of the Governor's House during May demonstrations in Hong Kong.

6. Mrs. Svetlana Alliluyeva, daughter of the late Soviet dictator Joseph Stalin, was a bit surprised that her defection created so much stir in the U. S.

7. In June, Soviet Premier Alexei N. Kosygin came to the United States to address the UN about the Arab-Israeli war and later talked with President Johnson.

8. An Army vehicle bears the casket of former West German Chancellor Konrad Adenauer from Cologne Cathedral, April 25, following a Requiem Mass.

9. Suits came back into fashion during 1967. This one was designed by Lito Manalang for a young fashion house, the year-old British Moderns of New York.

10. This wide angle view of the moon's hidden side was taken on August 6, 1967 and transmitted back to the Jet Propulsion Lab in Pasadena, California.

11. Heavy monsoon rains turned most of South Vietnam into a quagmire during the summer of 1967. Here, U.S. marines prepare to board a Chinook helicopter.

12. President Johnson, shown here in Vietnam, staunchly defended the nation's participation in the Vietnam war despite widespread protests and demonstrations.
